

Susan M. Pilch, PhD, MLS

*Biomedical Librarian/Informationist
NIH Library*

Susan M. Pilch joined the NIH Library in January, 2001, and is currently employed as a Informationist/Biomedical Librarian. She received a Masters of Library Science from the University of Maryland in December, 2001, and holds a PhD in nutritional biochemistry from Cornell University and a bachelor's degree in biology and chemistry from the University of Virginia.

Prior to moving into the field of information science, she held positions at the Federation of American Societies for Experimental Biology, the NIH Office of the Director, the National Cancer Institute, and the Food and Drug Administration, with varied responsibilities including scientific writing, editing, and review; nutrition research policy and coordination; research program management in diet and cancer prevention; and regulation of health claims and dietary supplements.

She currently provides informationist services to the inpatient team of the National Institute of Allergy and Infectious Diseases and the Nutritional Sciences Research Group, Division of Cancer Prevention of the National Cancer Institute, as well as the Office of Dietary Supplements.
